

Grantwriting Session I: Concept to Proposal

Lindsay Lynch

Session Purpose

Understand the planning process to develop elements necessary for transitioning an idea, concept, or organizational interest into a project proposal

Formula for Success

Logic Model

- Graphic organizer
 - Resources Put Into Project
 - Individuals Affected
 - Outcomes
 - Impact

- Include as Part of Your Project Evaluation Section

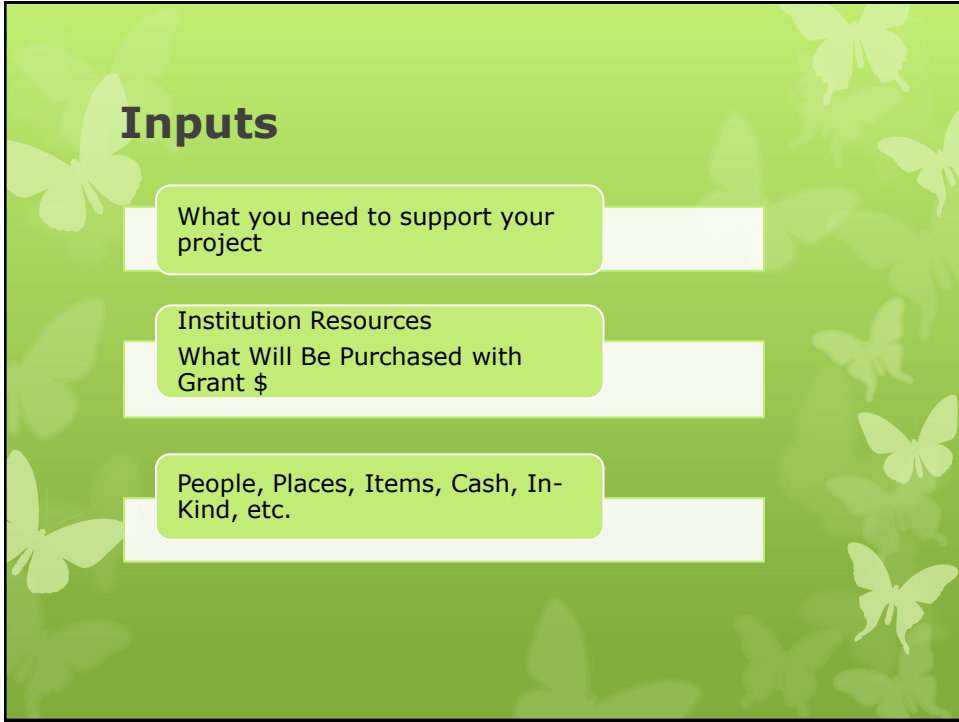

Logic Model Worksheet

	Outputs		Outcomes		
Inputs	Activities	Participants	Short	Medium	Long

The Situation

What is the problem and how will you address it?

Inputs

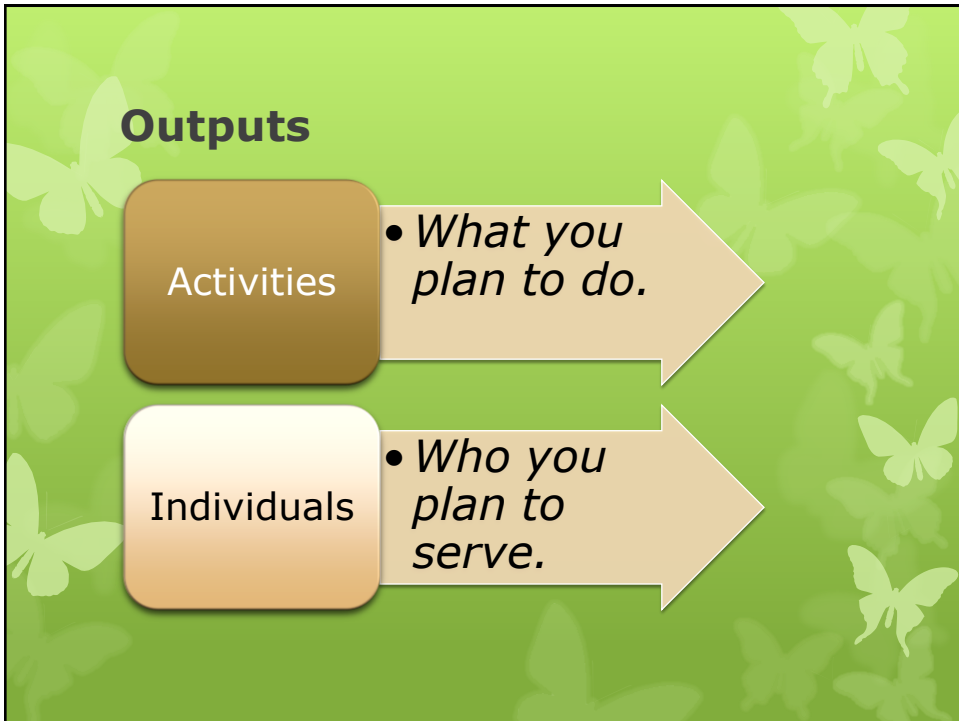

A diagram titled "Inputs" on a green background with butterfly patterns. It features three light green rounded rectangular boxes, each with a white rectangular extension to its right. The first box contains the text "What you need to support your project". The second box contains "Institution Resources" and "What Will Be Purchased with Grant \$". The third box contains "People, Places, Items, Cash, In-Kind, etc.".

What you need to support your project

Institution Resources
What Will Be Purchased with Grant \$

People, Places, Items, Cash, In-Kind, etc.

Outputs

A diagram titled "Outputs" on a green background with butterfly patterns. It features two rounded rectangular boxes on the left, each with a large arrow pointing to the right. The top box is dark brown and labeled "Activities", with an arrow containing the text "• What you plan to do.". The bottom box is light brown and labeled "Individuals", with an arrow containing the text "• Who you plan to serve.".

Activities • *What you plan to do.*

Individuals • *Who you plan to serve.*

Outcomes

Short	• Immediate Results
Medium	• Within 1-3 years
Long	• Within 5-10 years

Project Assumptions

Taken for granted elements
that impact the project
(Positively or negatively)

External Factors

Elements beyond your control
that may impact the project
(positively or negatively)
